Artist:

Grace by:

Toasts by:

When in the reception do you want the cake cutting?

### **Fun Stuff**

Will you have the Garter/Bouquet ceremony and what songs have you chosen?

Are you having a dollar dance?

Who are the biggest hams or people we can pick out at your party?

Dance for the couples "married longest"?

Any special announcements?

### **Things to consider**

If you have assigned seating for dinner, try to seat your younger guests closer to the sound system. The Dueling Piano concept works best when we can be close to the crowd. It's best to have the dance floor beside us instead of between us and your guests. We generally take up a 10'X12' area. Stages are nice but not a prerequisite. We like to arrive and set up around 2 hours before your guests arrive, if there is a problem with us getting into the venue at that time, please let us know. Our song list is extensive, and we promise to make every effort to play each request. We never force or prod people to come up and become part of the show, that's why it's nice to have a list of some folks who are more likely to want to participate. Dinner invitation is greatly appreciated but not required. Please make all checks payable to Trollmade L.L.C. If you have any questions or changes, whatever they may be, don't hesitate to call us. We will do our best to answer your concerns.
